Allowable Subject Matter

2. Claims 9-15 and 30 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's amendment has placed this application in condition for allowance. This arrangement as specifically recited in claim 9 was not shown or taught in the prior art. Claims 10-15 are allowed because being depended on base claim 9.

Regarding claim 30 the prior art failed to show or teach in combination a system having a linear polarizing means for transmitting light of a first polarization and for reflecting light of a second polarization, phase retarder means for altering polarization of the light of the second polarization reflected from the linear polarizer means, reflector means for reflecting the altered polarization light from the phase retarder means back to the linear polarizer means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
